10. Multi-purpose and colorful appearance.

Female Edge Male Edge

**Application: Volleyball/ Table Tennis/ Tennis/Basketball/Handball/Indoor Soccer/
Multi Purpose Courts Etc.**

EPDM Surfaces

Application Process

Top layer is pure EPDM granules which is made with "Ethylene propylene diene monomer" with color pigment.

Color are inbuilt with granules which will never loss original color.

Granule standard size in 1-4 mm.

Top layer of EPDM is fix of 6 mm thickness in any system.

We will create any design/ school logo over this EPDM surface of 6 mm only...rest is the cushion base surface.

EPDM granules have high weather and heat resistance properties...mainly non-toxic product.

Thickness available 15mm to 50mm can be customized
